CONSERVANCY ANNOUNCES JUNE EVENTS

(Bolton Landing, NY) – The Lake George Land Conservancy (LGLC) has announced its scheduled events and volunteer work days. Events are free, though all who are interested must pre-register. To register and for more information, please call Sarah Small, LGLC’s program assistant, at 644-9673, or email ssmall@tnc.org. The public is invited to join the LGLC on the following exciting events in June:

Sat., June 4, 9 am-1 pm, join LGLC staff at the Cat and Thomas Mountains Preserve in Bolton to help celebrate National Trails Day—the largest single-day, annual trails celebration. The LGLC is just one of many organizations to organize an event at the local level. Be part of this nationwide effort by helping the LGLC improve trails and erosion control structures at their Bolton preserve. Items donated by Thorlos and EMS will be raffled off to volunteers. Please call to register and for additional information.

Sat., June 25, 9 am-1 pm, participate in a guided exploration of Gull Bay Preserve, Putnam. Gull Bay Preserve has been the ideal location for several past LGLC events, including birding and botany walks. Its open grassy areas, beaver ponds and great blue heron rookery, scenic view of Lake George, and wooded trails provide ample opportunity for hikers and nature lovers to observe nature at its best. Intensity: Moderate—trails can be flooded and there are some steep slopes. Please call to register and for additional information.

For a complete list of this year’s events, please contact the LGLC at 644-9673.

###

The mission of the Lake George Land Conservancy is to preserve the world-renowned water quality of Lake George and the rare plants and animals within the lake’s 150,000-acre watershed by permanently protecting natural lands through conservation easement and fee acquisition.
