The Round the Lake Challenge (RTL) is a free program offered to supporters of the Lake George Land Conservancy. It is designed to educate participants about the Lake George watershed's natural, historical and cultural resources by encouraging first-hand experiences.

The goal is to complete at least 20 Missions, which include a variety of hikes, paddles and walks. Once completed, participants receive a RTL patch, certificate, and Roster Number that is displayed at lglc.org.

The Challenge was launched in 2012 with 30 possible Missions. Since then new Missions have been added, including the participation in the Hike-A-Thon. We expect that the Mission list will continue to grow as more properties around Lake George are protected and trails are created for public enjoyment.

This checklist updated 8/1/2017

The Lake George Land Conservancy is an accredited not-for-profit land trust dedicated to working with willing landowners and other partners to protect the world-renowned water quality of Lake George, and to permanently preserve the natural, scenic, historic and recreational resources of the Lake George region.
