Nature Scavenger Hunt

Use your eyes, ears and fingers to find as many things on this checklist as you can. Remember to leave only footprints and take only pictures. Take pictures of what you see, or write a description on the given line. Use the back of this sheet to draw some of your favorite things that you saw, felt or heard. Depending on where you are, or the time of year, you may not be able to find everything; just do the best you can. **Have fun exploring!**
